

System Requirements: Sage 50 —U.S. Edition 2022

Created on 06-22-2021 | Last modified on 07-19-2021

Minimum requirements

Note: Sage will continue to allow Sage 50 Accounting—U.S. Edition to be installed on computers with Windows 7 for the foreseeable future, but some features may not work as designed in future updates. Beginning in March 2020, subsequent versions of Sage 50 Accounting—U.S. Edition will include a warning message when you attempt to install the product on a computer that is running an edition of Windows 7. However, the installation will be allowed to continue. See Article ID 103797: [Will Sage 50 continue to support Windows 7 even though it is past its end of life?](#) for more information.

Minimum system requirements

- 2.0 GHz processor for single user and multiple users
- 4 GB of RAM for single user and multiple users
- *Windows 8.1 or Windows 10 (version 1809 and higher) with the latest updates from Microsoft installed*
